A CITIZEN'S VIEWS ON LOCAL POLICIES

Editor Advertiser: It may appear presumptuous for a layman to give advice or perhaps make suggestions, in the face of the Chamber of Commerce, Merchants' Association, Promotion Committee and several other important bodies as well as the numerous individuals of high estate both political and commercial, but it appears to me nevertheless to be the duty of every thoughtful person to use his brains to his utmost capacity with the object of analysing the causes that have brought the community to this present deplorable condition. I shall not have time or space to give all the causes.

I shall mention one which I have looked upon with suspicion for several years, viz.: persistent insistence of a certain portion of our community to educate the masses. Once was the time I would have exiled myself for making such utterances; but I think I have learned something in the thirty-five years since I left my New England home. At all events I shall be honest in this matter and therefore write as I really believe.

Asiatics, with their primitive habits and customs, are old—they existed and prospered in their own way long before we knew them. Now why should we make it our especial duty to bring them to our standard when they are satisfied with their own?

They will make use of us to their advantage when opportunity serves. Then why should not we make use of them upon the same conditions?

Years ago we required plantation field laborers and bargained with China and Japan for the same and received them for a certain purpose for a stated consideration, etc. Now why was that not sufficient to begin and end with.

When their contracts have expired if they wish to settle in the Territory or in Honolulu, I have no special objections provided they can make an honest living, obey the laws, etc.

But what I do condemn is putting these field laborers into positions formerly occupied by citizens, viz.: team-drivers, assistant carpenters, engineers, sugar-boilers, water-tenders and dozens of other positions formerly occupied by white men, natives, Portuguese, etc.

This is the cause in a large degree of the present hard times.

And in regard to kindergartens throughout the town and urging upon this people (coolies) the advantage of education and competing with citizen labor! Why, what do these people engaged in such work think they are coming to or don't they think at all? When every son of a coolie is educated to the satisfaction of these kindergarten promoters what are citizens' sons and daughters going to do?

The ultimate outcome in self-evident and the sooner a halt is called the better.

In twenty years at our present course, only two men would be in government employ, Governor and Secretary, also excepting other Federal officers.

This matter should be investigated and people in the disastrous employment of driving citizen labor to the wall should be called down.

CITIZEN.

MEN, WAKE UP!

IS YOUR BACK WEAK?
HAVE YOU DRAGGING
PAINS?
ARE YOU EASILY TIRED?
HAVE YOU VARICOCELE?

Have you lost the fire and strength of youth? Have you "come and go" pains in your back and shoulders? Are you growing old too soon?

If you have these symptoms or any other sign of breaking down of your nerves and vitality, you will find new life in Electricity as applied while you sleep.

Dr. McLaughlin's Electric Belt

Is made for you. It is the best way to use Electricity. It pours a gentle stream of life into the

weak parts continually for hours every night. It refreshes the nerves, expands the vital powers, enriches the circulation and makes you feel bright, active and vigorous in one night's use. You get stronger each day, and in a few weeks you are a new man, stronger and younger in the fire of youth. It is grand, this method of mine, and every man who has ever used it is praising it.

WORTH TEN TIMES WHAT HE PAID FOR IT.

Marshall, Cal., Dec. 26, 1903.

DR. McLAUGHLIN—Dear Sir: I have used your Belt for about two months, and must say that it has cured me entirely. I feel like a new man now and can do a hard day's work easily. There are no more pains in my back and arms, and that tired feeling has gone. I am sure that the Belt has been worth ten times more to me than I paid for it, and if you wish you may use my name, for I will be glad to recommend the Belt. Gratefully yours, ARNOLD F. BERRI.

Don't delay trying it. Your future happiness depends on your checking this drain upon your vitality, so stop it now and you can be sure of a long and vigorous life, full of the joys of a healthy vigor.

Don't drug. Drugs can't cure you, as you know, if you have tried them. My Belt cures because it increases your nerve power and vitality. Electricity renews the youthful strength; that cures. Send for my beautiful illustrated book, telling about my method. I send it, sealed, free. I have 50,000 cures. Write today. Send this ad.
